

OUR  
SPARKLER FILTER  
PAD

# Precision Filtration for Crystal Clear Results

**High Clarity • Superior Filtration • Reliable Performance**

Puritec Sparkler Filter Pads are specially designed for use in sparkler filter press systems to ensure efficient removal of suspended particles from liquids. Engineered with high-quality filtration media, our pads deliver consistent clarity, improved product purity, and long service life.

## ◆ What Are Sparkler Filter Pads?

Sparkler Filter Pads are filtration sheets used in sparkler filter press machines to separate impurities from liquids. These pads are widely used in industries requiring high-clarity filtration.

They help in:

- ✓ Removing fine suspended particles
- ✓ Improving product transparency
- ✓ Enhancing filtration efficiency
- ✓ Maintaining consistent production quality

## ◆ Key Features & Benefits

### ✓ Excellent Particle Retention

Designed to capture fine and coarse impurities effectively.

### ✓ High Flow Rate

Optimized structure ensures smooth liquid flow with minimal pressure drop..

### ✓ Strong & Durable

Manufactured from premium-grade materials for long operational life.

### ✓ Food & Pharma Safe Options

Available in materials suitable for sensitive applications.

## ◆ Available Grades & Options

Puritec Sparkler Filter Pads are available in:

- Multiple micron ratings
- Various thickness options
- Different sizes as per machine requirement
- Custom-cut pads as per client specifications

Micron Ratings: Customizable as per application needs.

## ◆ Applications

Our Sparkler Filter Pads are widely used in:

- ✓ Pharmaceutical Industry
- ✓ Chemical Processing
- ✓ Food & Beverage Industry
- ✓ Oil & Edible Oil Filtration
- ✓ Distilleries & Breweries

- ✓ Cosmetic Manufacturing

## ◆ Why Choose Puritec Dust Collector Bags?

- ✓ Consistent Filtration Performance
- ✓ Improved Product Clarity
- ✓ Custom Manufacturing Support
- ✓ Reliable Quality Control
- ✓ Competitive Pricing & Timely Delivery

**Puritec – Delivering Clarity Through  
Advanced Filtration**

We provide efficient sparkler filtration solutions that enhance product purity and production efficiency across industries.
